

3-day, 5-day and 7-day Warrior Program

Want to experience the life of a US ARMY Green Beret? If so then we have the program for you. **From mild to WILD** we can create a safe and exciting custom experience for you and anyone else you want to bring. Do not be hindered by your imagination, from flying on the outside of a “little Bird” helicopter to SKYDIVING from 13,000 ft. or fire machine guns used on Combat Patrols or actually perform a high risk “mission” on a riverine operation. Do not worry! You will be with **Qualified Green Berets** that have performed all these missions for real in combat all over the world as TEAMmates.
