

LOCAL LAW ENFORCEMENT INTEGRATION PLANNING

The local Law Enforcement Department is the main force that will respond to a situation on your campus. Once the crisis has begun, is not the time to wonder what actual capability they have and if they are even qualified to intervene correctly. Raidon Tactics Inc is able to bridge the gap between the Local Law Enforcement and the Campus Security Personnel. Raidon Tactics Inc can produce a survey of your campus, inform the Local Law Enforcement, and then integrate your Emergency Action Plan into the actions and Standard Operating Procedures of the department for any situation.
