

Surveillance & Surveillance Detection (5 Days)

This course of instruction is for those individuals who are living, working or visiting high threat areas that have high criminal or terrorist activities. Training will focus on the principles of surveillance, techniques used to conduct surveillance and the methods used to detect surveillance. These techniques are taught using classroom presentation and practical field exercises. The field exercises will involve several hours of walking and driving. Practical exercises will take place in the Lillington and Fayetteville area. Training days will usually last eight hours, however, several days will last into the evening hours.
